

# **SCHEDULE OF POSTER PRESENTATION**

Dear presenters

Please find below list of all Posters selected for presentation at the 10<sup>th</sup> INCPT, AIIMS, New Delhi.

## **IMPORTANT INSTRUCTIONS:**

1. You are required to mention your poster number at the top right corner of your poster. Your Poster number is same as the serial number against which your details (name and title of poster) are mentioned in the list below. IT MEANS THE SERIAL NUMBER CORRESPONDING TO YOUR NAME IS YOUR POSTER NUMBER. This poster number can be mentioned using a marker pen or any other pen. Alternately, you may write your poster number on a small paper chit and stick it on the poster with the help of board pin.
2. Also mention your *CONFERENCE REGISTRATION NUMBER* at the top right corner of the poster either using a pen or paper chit.
3. **POSTER NUMBER 1 to 110 will be presented on 14.12.2024.**
4. **POSTER NUMBER 111 onwards will be presented on 15.12.2024.**
5. The actual time of poster presentation in front of the judges will be announced or displayed during the conference on the day of presentation.
6. Even though the organising committee (OC) will provide board pins to stick the poster on the standee/board, presenters are advised to carry extra board pins depending upon the size and weight of their posters. Additionally, presenters must carry their own scissors, double tape etc, if they feel these might be required for putting up the posters. The organising committee will not provide scissors, double tape and other stationery items.

**Guidelines for making the poster:**

1. The Maximum size is 3 feet (length) by 2 feet (breadth). Poster should be made in portrait mode i.e. height should be greater than breadth (width).
2. Both materials i.e. paper or flex are allowed.
3. The presenter is allowed to present either a paper or a poster at the conference. You are not allowed to present both at the conference.

**For any query, you may reach out to us at 9968090389 (Dr. Sandeep Babbar) or 9910992572 (Dr. Mayank Garg)**

## POSTER NUMBER 1 to 110 to presented on 14.12.2024

POSTER NO	NAME	TITLE
1	NEHA MANDLECHA	Exploring VR as a Therapeutic Tool for Minimizing Trunk Impairments and Improving Balance in a 7-Year-Old Boy with Spastic Diplegic CP: A Case Report
2	SAMRUDDHI VILAS AHERRAO	Effect of Chest PT in Post-Operative Buccal mucosa squamous cell carcinoma on early weaning and on Improving QoL
3	HIMANSHI CHANDAK	Impact of Sexual Rehabilitation on Erectile Dysfunction in men with Cardiac Pathologies : A Literature Review
4	CHINMAYI M	Exploring the potentials of Buteyko breathing Technique in managing ICU acquired anxiety- A review
5	BETHANY FERNANDES	Blood flow restriction: Boosting mobility and reducing falls in older adults- A Literature review
6	ADITHI S BHAKTHA	Efficacy of telerehabilitation among individuals with chronic low back pain : Narrative review
7	SANJANA KG	Effect of NMES for individual diagnosed with Patellofemoral pain syndrome: A review of literature
8	AMULYA SIRISILLA	AI in Athletic Rehab: Faster Recovery & Prevent Re-injury : A Literature Review
9	DISHA D SHETTY	Digital Tools for Assessing and Monitoring Lower Limb Alignment in Individuals with Flexible Flatfoot: A Literature Review
10	JESNA K	Non immersive VR in improving executive functions in older adults- A Literature review
11	ALEENA KENNET	Effect of Artificial Intelligence in Physiotherapy Management of Parkinson's Disease.

12	JANVI SHAH	Comparison of functional outcomes between hip hemiarthroplasty and THA in patients with traumatic hip surgeries
13	POONAM YADAV	Comparison of functional outcomes between hip hemiarthroplasty and internal fixation in patients with hip surgeries
14	RICHA MANJANI	Translation of Diabetes Distress Scale (DDS) in Gujarati version and it's validation
15	PRACHI BHARWANI	Immediate effect of star excursion balance training on balance and walking ability in elderly
16	HARSHIT VERMA	Role of Artificial Intelligence in Detecting and Assessing Frailty Syndrome in Older Adults: Insights for Physiotherapy
17	DILI DESAI	Enhancing recovery: Task-oriented training for stroke rehab
18	JANVI S LALANI	Optimizing balance: Role of vestibular rehab in patient recovery
19	ARCHANA T	Non-immersive virtual reality in preventing falls in pre frail diabetic middle aged population
20	SHANIYA RAHMAN	Effectiveness of Buteyko Breathing Technique with Deep Breathing on Ejection fraction, Breathing holding & quality of life in Early post operative CABG patient- A CASE REPORT
21	MEDHA SHRIVASTAVA	Case Study on a Rare Presentation of Hereditary Spastic Paraparesis: Clinical Features, Genetic Analysis, and Management Approaches
22	NIKITA GANGWANI	Integrating Ultrasound-assessed Core Muscle Function and Strengthening Intervention for Gait and Balance Rehabilitation in Ankle Instability
23	KOMAL DAVE	A Narrative review to see the association of sitting rising test and antigravity muscle strength
24	NANDANI AHIR	Stress, anxiety and depression among health science students: Causes and implications
25	SHAKSHI PATEL	Effect of Kinesiotaping on forward head posture: A narrative review

26	DARSHANA DINESH SHINDE	WEARABLE BIOFEEDBACK- The future of Pelvic Floor Muscle Rehabilitation in Geriatric Incontinence- An Innovative Model.
27	SHWETA RAJESH NAINANI	Comparing the efficacy of Four Square Step Test and 8 Foot Up and Go Test to evaluate dynamic balance in elderly
28	PRASHANT RAJU KADAM	2D analysis for comparison of biomechanical and gait parameters male and female young adults with obesity
29	VEDANTI MUNDADA	Prevalence of De Quervain's Tenosynovitis in Rifle Shooting Athletes
30	G.PALANI KUMAR	Precised stability testing and balance assessment in ageing population- technological advances and modern tools: A scoping review
31	SAKSHI PATEL	To determine the relationship between BMI and Balance
32	YASH CHAKRAPANI	Enhancing Independence in Facial Palsy Rehabilitation: Tele-Rehab for Self-Application of Facial Rehabilitation Exercises
33	ANJALI RAI	Effects of Tailored Rehabilitation Strategies for Optimizing Function in Hirayama Disease: A Novel Case Report on Rehabilitation Approaches and Outcomes in a Middle-Aged Patient
34	HARSH TIWARI	Advances in treatment of adhesive capsulitis: exploring innovations in PT treatment- A narrative review
35	NEETU SHARMA	Recent Advancements in Rotator Cuff Injury Management: A Narrative Review of Emerging Therapeutic Approaches and Technologies
36	ANJALI KUMAR	Lexo Robotic Gait Training for Neuroplasticity, Insights and Advances in Post-Stroke Rehabilitation
37	AANCHAL PANCHOLI	Early Physiotherapy Intervention in Stroke Associated Triparesis Following Renal Transplant: A CASE STUDY

38	SRISHTI GUPTA	Shifting Paradigms: The Evolution of Patellofemoral Pain Interventions – A Narrative Overview
39	GAYATRI CHANDAK	Implication of pain education and standard rehabilitation exercises on pain, disability and kinesiophobia in patients with Chronic Non-Specific Low Back Pain - A RCT
40	GOURI DHUMAL	Exploring Physiotherapy Treatment for Subtalar Osteoarthritis: A Clinical Case Report
41	PRIYANKA JADON	Physiotherapy's Role in Diabetic Neuropathy Management : A Narrative Review
42	RITISHA PUROHIT	Optimizing Functional Mobility and Independence in Early Postoperative MVR Patients : A Physiotherapy Approach - A case study
43	SHRIDHI KUMARI	Effect of plyometric training and flexibility exercise on dynamic balance in Karate players: A literature review
44	HEENA JAIN	Effectiveness of Breath stacking Technique with deep Breathing on lung efficiency and daily life functional tasks in Early post operative valve replacement surgery- A CASE REPORT
45	RISHABH MISHRA	Influence of neck pain on balance in university students
46	CH BHARGAV KALYAN	The Trends In Physiotherapy - Yes I Stride Up But With Hiccups
47	SONALI SAXENA	A Case Study To See The Impact Of Gluteus Maximus And Latissimus Dorsi Strengthening Exercises On Posterior Oblique Sling In Javelin Thrower
48	SAMARTH KANADE	Effectiveness of Technological Developments in Physical Therapy for Treating Migraine with Binaural Beats, Quantum Resonance Therapy, and Cranial Electrical Stimulation
49	SAKSHI RUNWAL	Pain Perception In Dysmenorrhea With Females Involved In Strength Training Vs Endurance Training- An Observational Cross Sectional Study

50	PARNIKA GULABANI	Tackling 'Text Neck' And Digital Overuse Syndromes In Adolescents
51	M. VARSHITHA	Biomechanical Phenotyping In Shoulder Dysfunctions- Prototyping An Objective Assessment Tool
52	MAYURI TAVADARKAR	Tele- Rehab" Leap Or Lessen
53	ANUSHA ANAND	Post- Stroke Neurophysiotherapy and Technology: Enhancing Rehabilitation or Inciting Disdain
54	DARSHANA SHINDE	WEARABLE BIOFEEDBACK" - The future of Pelvic floor muscle Rehabilitation in Geriatric Incontinence: An Innovative Model
55	ELLURI SHANMUKHA PRIYA	Digital Marketing" in Indian Physiotherapy pratice - An influence or innovative - A cross sectional survey
56	PARAMJEET KOUR GRANTHI	Long Distance Health" - An 360 Degree View of E-Based Physiotherapy Assessment Tool
57	CHANDRA RAVI TEJA	Home Based Physiotherapy - " Implementing Digital Rehabilitation , A feasibility study
58	ARSALAN SALIM SHAIKH	Anime Based Pain Neuroscience Education"- The Fact in Fascination: An Innovative Model
59	VAIBHAV ANAND	Post surgical rehabilitation strategies in ruptured ACL- A case study
60	SHARMILA REDDY	Revolutionizing Rotator Cuff Strength Evaluation in Badminton PlayerS With AI Integrated Handheld Dyanamometer

61	AYUSHI MILIND LANJEWAR	The Digital Spectrum And It's Paradigm Shift From A Student Spectacle.
62	LEENA JAGWANI	Correlation between the strength of scapular stabilizer with forearm pronator and supinator muscles in elite tennis players - An observational study
63	AKANKSHA GODBOLE	Correlation between Q-Angle and foot muscle strength along with foot angles in professional Bharatnatyam dancers : An observational study
64	AKSHATA DAYAL	From Breath to Bullseye: Role of Breathing Techniques in Shooting and Archery
65	HIMANSHU MISHRA	Blood Flow Restriction Training: Advancing Rehabilitation and Optimizing Performance Across All Stages
66	AARUSHI MEHTA	Unveiling cervicobrachial pain syndrome :Challenges in diagnosis and management
67	DRISHTI CHAUHAN	The Effect Of Balance Training Post Hypoxic Brain Injury: A Case Study
68	ARYA PATHAK	Development and Validation of a Questionnaire on importance of physical activity and lifestyle modification in Non Alcoholic Fatty Liver Disease Population
69	CHINTAN AGRAWAL	Adhesive Capsulitis Rehabilitation Using Robotics
70	MEGHA AGRAWAL	Exploring Physiotherapy Interventions In the Management Of Meralgia Paresthetica :A Literature Review
71	PRADNYA PATEL	Immediate effect of lumbar mobilization versus neurodynamic sliding versus muscle energy technique on hamstring tightness in kabaddi players: A randomised clinical trial.
72	RONAK BORA	Quality of life in patients following Total Knee Replacement Surgery

73	CHESHTA SHARMA	Digital Dynamics In Cardiovascular Health-Virtue Or Vice: A Narrative Review
74	PRIYADHARSHINI. R	Effect of low load blood flow restriction training and high load resistance training on muscle strength and performance in post-menopausal women with sarcopenia
75	RUTUJA SHILAMKAR	Prevalence of Depression post lockdown in work from home IT Employees.
76	SANJANA RAJPUT	Effect Of Virtual Reality And Proprioceptive Training On Functionality And Frailty In Older Adults With Vertigo: A Rct
77	REVATI PRAKASH KULKARNI	The Effectiveness Of Transverse Abdominis Activation Vs Rectus Abdominis Activation In Reducing Inter-Recti Distance Among Primiparous Women With Diastasis Recti: A Pilot Rct
78	TANVI BHAVE	The Prevalence Of Text Neck Syndrome Due To Prolonged Usage Of Smartphone In Physiotherapy Students In Pune.
79	POOJA SINGH	Impact of faradic footbath application in Lisfranc Injury: A case report
80	VYOMA CHAVAN	Effectiveness Of Telerehabilitation Application Of Mwm And Conventional Exercises Among Patients With Frozen Shoulder
81	NAIN DOS SANTOS GOMES	Restoring Vitality: Physiotherapy Post Right Oophorectomy And Left Ovarian Cystectomy- A Case Report
82	VAISHNAVI GORE	Effect of mechanical plantar vibration on balance in knee osteoarthritis patients - A randomised Controlled Trial Study
83	MARY ZERLIN	Effectiveness of multi model training and whole-body vibration training in improving physical activity and muscle strength in elderly sarcopenic individuals

84	MOHAMED FAZIL HUSSAIN S	Effects Of Balance Training Versus Square Stepping Exercise To Improve Postural Stability And Walking Performance In Diabetic Peripheral Neuropathy Patients.
85	DISHA BANSAL	The Rehabilitation of Texter's Thumb with Virtual Reality Headsets
86	ARTI SHARMA	To Compare The Efficacy Of Lumbar Traction In Supine And Prone Lying, On Lumbar Lordosis, Fear Avoidance And Lumbar Spine Function In Mechanical Lbp
87	RIYA DWIVEDI	Hallervorden Spatz disease- a case report
88	NIDHI KOTADIYA	Enhancing Endurance in Hockey through Fartlek Training: A Part of Study on Integrating Interval-based Workouts into Athletic Performance
89	BHAKTI LADHA	Improving Balance and Weight Bearing in Hemiplegic Cerebral Palsy through Surge Faradic Stimulation and Wobble Board Exercises Combined with Conventional Therapy: A Case Report
90	ADITI VIJAYVARGIYA	Combined physiotherapy rehabilitation protocol for post operative intra articular distal humerus fracture and lateral condylar femur fracture.
91	GUNJAN NAGPAL	Imapct Of Psychological Wellbeing And Health Related Quality Of Life Among Women With PCOS
92	SARAN GODCIL	Effectiveness of interactive neuromotor training (INT) versus Sensory Integration based exercise training (SIET) on balance,motor function and quality of life in individuals with TBI
93	ANKITA SHARMA	Exploring the Impact of Virtual Reality on Proprioception in Knee Rehabilitation: A Literature Review
94	MOHAMMED JAISAL V P	Impact Of Hamstring Flexibility On Agility In Sports Athletes-Review Of Literature
95	NISHTHA T ADESARA	Virtual Reality: a novel approach for stroke survivors to regain function
96	GARIMA SHARMA	Efficacy of Epley's manoeuver in patients with BPPV

97	SHIVANI DHOLE	Prevalence Of Musculoskeletal Problems In Pregnant Women Of Suburb Areas Of Pune
98	ANJALI RAO	Immediate effect of duckwalk on gait speed in spastic hemiplegics
99	QUEEN ELCY PROSPER	Effects of Right Median Nerve Electrical Stimulation for patients with Disorders of Consciousness - A Systematic Review
100	HARSHITA KAPOOR	Effectiveness Of Play Therapy To Improve Motor & Postural control in children having autism spectral disorder
101	SANDHYA BHORIA	How palliative care expanded my treatment approach- The diary of a physiotherapist
102	MANALI SHARMA	Effects of pilates and Mobility exercise in geriatric population
103	SANA SIDDIQUI	Female athlete paradox: Unraveling myths and reveling truths
104	APARNA CHAUHAN	Pregnancy and post-natal management through AI
105	RUCHIR BHASIN BHATNAGAR	Exploring the effects of whole-body vibration therapy on glycemic control in patients with diabetes: A descriptive study
106	KARINA KAPOOR	Effects and Applications of Blood Flow Restriction Training in Post-Surgical ACL Rehabilitation: A Descriptive Analysis
107	MAITRI ANAND	Enhancing Recovery: The importance of physiotherapy in neonatal TAPVC outcomes, A CASE STUDY
108	KHUSHI WALIA	Effect Of Ankle Strengthening Regime And Diaphragmatic Breathing On Stress Urinary Incontinence Patient- A Case Study
109	YUKTA NAYAK	Virtual Reality Based Rehabilitation on Improving Hand grip strength in stroke Patients: A Window to Futuristic Technology

110	KHYATI BHATIA	The effect of Ischemic Compression Technique on upper trapezius along with conventional regime on pain, disability and range of motion in non specific neck pain.
-----	---------------	---

## POSTER NUMBER 111 onwards to be presented on 15.12.2024

POSTER NO	NAME	TITLE
111	ASHA PALLAPU	Creating a synergy- recreating defecation training
112	ASHUTOSH VATS	Preventing Injuries In Corporate Work And Prolonging Life.
113	MAITREYEE PARASHAR	Robotics for MS - A Step Forward'
114	ANUSHKA TIWARI	Effect Of Mulligan Manual Therapy Of Pelvis And Knee In Addition To Mcconnel Taping Of Knee On Pain And Function In Post-Tha Adductor Syndrome : A Case Study
115	PRASANJIT GHOSH	The Effect Of Robotic Assisted Gait Training On Balance And Coordinations In Stroke Patients"- A Review
116	SANJEEVITHA H	PT management of a 6-months old infant with bilateral positional CTEV: Case Report
117	T.LAKSHMI BHAVYA REDDY	Scope Of Keeogo Rehabilitation In Neurological Conditions- Multiple Sclerosis
118	R VANDANA	A case report on de quervain's tenosynovitis in post partum woman
119	NEELADHARSHINI. K	A comprehensive overview on Angina pectoris- Ischemic chest pain
120	SAPNA GAUR	Goal Based Treatment For A Patient With A Foot Drop Secondary To Proximal Tibia Fracture - A Case Study
121	MAHISHINI J	GERD- Gastroesophageal Reflux disease and its management

122	RAKHE GUT	Intervention strategies in an athlete
123	NANYA SINGH PATHANIA	VR based rehabilitation for Phantom Limb Pain - a Narrative Review
124	YASHIKA BACHWANI	Evaluating the Efficacy of Locomotor Training, Wobble Board exercise and Pelvic PNF in Improving Balance and Coordination in Individual with Complete Spinal Cord Injury - A Case Report
125	VANSHIKA SHARMA	A Novel Physiotherapeutic Approach For The Treatment Of Os Naviculare: A Case Study
126	SHRAVANI JACHAK	Revolutionizing Rehabilitation: VR and remote therapy in PT
127	NANDINI CHOUDHARY	Comparison of cadence in diabetic and normal individuals using xsens gait analyser- An observational study
128	AAKANKSHA NANOTE	Effect of BMI on step length in children using xsens gait analyser- An observational study
129	RISHU RAJPUT	Enhancing Quality Of Life Through Pelvic Floor Re-Education In Young Female With Incomplete L1 Spinal Cord Injury: A Case Report
130	KRUTIKA DHAWDE	Effect of Relaxation Technique on Anxiety and Depression in CABG patients
131	NISHIGANDHA BODHANKAR	Management Of Cervicogenic Headaches via Spinal Mobilization: A Physiotherapist Perspective
132	NETAL BHOOT	Assessing anxiety and depression in family member of cancer patient admitted in tertiary care hospital- An observational study

133	RIDDHI V AGRAWAL	Assessing knowledge of research in PT students
134	PURVI JADHWANI	Effect of Pulmonary rehabilitation in pulmonary koch tuberculosis with erosive gastritis on improving functional capacity
135	ABHIRAJ R SUBHEDAR	Analysing gait of barefoot walking in young adult: Review article
136	VAMMIKA , RIYA YADAV 2 STUDENTS	Robotic exoskeleton
137	ROSHNI TALREJA	AI solution to improve exercise adherence
138	VANSHIKA PAMNANI	Cancer medications and jaw health: Insights into links to osteonecrosis
139	KODIMELA SUDI KSHA	THE BIOFEEDBACK CORSET”- The Hope and Scope in Diastasis Recti Rehab
140	ADITI YADAV	Virtual Reality in Enhancing ACL Recovery: A Meta-Analysis of Its Efficacy in Athlete Rehabilitation
141	SAYALI BHANDWALKAR	Connection between Physical rehab and mental health including the impact of exercise on mood and anxiety
142	HANSIKA BISHT	Impact Of Telerehabilitation In Management Of Stroke - A Review
143	JALAJ THAKUR	A 'SMART' approach to measurement and assessment for Forward Head Posture- A Narrative Rivew
144	RIYA NEGI	Effect of VR in Gait training of Parkinson’s Patients
145	ASTHA KAPRI	Mobile app guided pelvic floor muscle training(PFMT) in stree urinary incontinence(SUI) patients

146	ANSHIKA MISHRA	Incidence and Patterns of Musculoskeletal Pain Among Gym Enthusiasts
147	AADITYA PANDEY	Virtual Reality as a Therapeutic Tool for Cognitive Deficits in Parkinson's Disease: A systematic Review
148	PRABHA KUMARI	Effects of virtual reality rehabilitation training on gait and balance in patients with Parkinson's disease: a systematic review
149	VAISHALI SHARMA	The Effectiveness of Tele-pulmonary Rehab on patients with Respiratory diseases : a literature review
150	NIRBHIKA	Robotic gait training In Pediatric Spastic Cerebral Palsy
151	G UNNATHI	Hand Rehabilitation- "The Acute Phase" Making Unconventional, The Conventional- a scoping review
152	A SIRI CHANDANA	To Teach or Educate, Making Patient Education Innovative And Interesting- A Scoping Review
153	KURELLA TEJASWI	Efficacy of “VIRTUAL REHABILITATION ” on functional independence in patient with Parkinson’s disease.
154	DIVJOT KAUR	Effect of Augmented Reality (AR) assisted Balance and gait training in Stroke patients- A Literature Review
155	AKSHDEEP SINGH	Revolutionizing Patient Care with Electronic Health Records(EHR)
156	YUVRAJ LAWAND	Perceived stress level and quality of life in caregiver of Thalassemia patients in Aurangabad
157	SHIVANI MAROTI TELANGE	Correlation of Obesity with the deviations in the Gait parameters among young individuals.
158	SAUMYA SANJAY BAING	Blend of PNF techniques and Electrical Stimulation for the Orbicularis Oculi on Voluntary Closure of the Eye in Bell's Palsy
159	KASHISH MAHNA	Revolutionizing Neurorehabilitation with Virtual Reality

160	KANISHKA BHARGAVA	Physiotherapy management of neurogenic SCI : A systemic review
161	TARAN KAUR	Physiotherapy meets dentistry
162	NAVROZ KASRIJA	Artificial Intelligence meets amputations
163	SHARAN BAWA	Telerehab for Palliative care
164	ISHI AGARWAL	To Study The Difference Between Mindful Awareness Practice And Progressive Muscle Relaxation On Stress, Attention Control And Memory In Young Adults
165	SUDHANSHU SAIN	Effects of electro acupuncture in individuals with acquired flatfoot: A pilot study
166	MANASVI ISRANI	Impact Of Neurobics In Alleviating Perimenopause Symptoms And Psychosomatic Characteristics In Peri-Menopausal Women: A case series
167	BANANI DASH	Comprehensive Clinical Evaluation Of Pantothenate Kinase Associated Neurodegeneration In Siblings' Trio": A Rare Disease Case Study
168	SAMIKSHA SINGHAL	Effect of Brain Gym Exercises And Attention processing Training (APT) To Improve Higher Mental Function In Stroke :- A Case Study
169	NIKITA GUPTA	The Phases Of Variation In Physiotherapy Management Of Organophosphate Poisoning Patients.
170	CH.LAHARI, D.SUMANA	Tele Rehabilitation In Enhancing Ankle Sprain Recovery And Postural Stability
171	NISHA UPADHYAY	effect of Russian Current with conventional exercise regime on pain , ROM , and strength in patients with SCAPULAR DYSKINESIA due to winging of scapula- A case study
172	ANUGYA RAJ	Effect Of Addition Of Mwm With Met On Rom And Function In Patient With History Of Talus Fracture: A Case Study

173	ISHA CHAUDHARY	Fall prevention in elderly through physiotherapy: A holistic approach.
174	SHRUTI KAUSHIK	Digital Detox
175	RITIK TYAGI	Bridging the gap- A PT's role in treating Diastasis Recti
176	VISHAL PANCHAL	Unveiling the connection: Gluteus maximus dysfunction as a contributor to Knee OA
177	SHRUTHI K	Neurogenic Relief: Can the vagus nerve ease Lower Back pain?
178	PRIYANSHI JAIN	Stress management
179	ANSHIKA SINGH	Riding towards recovery: The effectiveness of Hippotherapy across multiple disorders
180	TEJAL TYAGI	PT Interventions for MRK Syndrome: Improving strength, mobility and independence
181	URESHA	Blood Flow Restriction Technique
182	ABHISHEK KUMAR	Recovery Evolution and its Impact on Sports Injury
183	JIVISHA	From Foot to Jaw: Exploring the impact of subtalar joint Dysfunction on TMJ health
184	SHIVAM	Keeping active with Huntington's Disease: Exercise and activities to keep you moving
185	PRANJAL JAIN	Impact Of Chair Aerobics On The Systolic Blood Pressure And Submaximal Exercise Capacity In Younger Adults.

*\*Your Poster number is same as the serial number against which your details (name and title of poster) are mentioned in the list*
